

## Sports Premium Funding at Cove Junior School Financial year 2017-2018

The government has provided additional funding to make additional and sustainable improvements to the quality of PE and sport at school. It is designed to develop and add to sporting activities and events within the school. It is used to ensure that improvements made will benefit current pupils and those in the future to develop healthy lifestyles.

Our aim is to ensure that we promote and develop a curriculum that is enriched in building skills through sports that the children can use to develop lifelong healthy lifestyle choices. They will have to opportunity to take part in a wide variety of sporting activities and compete in a range of sports at different competitive levels.

### Summary of Sport Premium Funding Financial year 2017-2018
